INTERNATIONAL CONFERENCE ON
ADVANCED WIRELESS INFORMATION & COMMUNICATION TECHNOLOGIES

TUNISIA, OCTOBER, 05-07, 2015.

Call for Papers

Dear Researcher,

We would like to invite you to submit your papers to **AWICT 2015** conference.

The International Conference on Advanced Wireless, Information, and Communication Technologies (AWICT 2015) aims to address the advances of the wireless networks technologies. AWICT provides a forum for the scientists to present their latest ideas and research results in the wireless fields. AWICT 2015 will include presentations of the contributed papers, poster sessions, and state-of-the-art lectures.

Main webpage: http://www.awict.net/index.html
Committee: http://www.awict.net/committees.html
Topics: http://www.awict.net/index.html

All accepted papers *(presented at the conference)* will be published in "**Procedia Computer Science"** **Elsevier (http://www.journals.elsevier.com/procedia-computer-science/),** and will be indexed in many global databases including **Scopus and ISI Conference Proceedings Citation Index (CPCI)**.

In addition, **special issues** of journals are planned for papers presented at the conference:.

Special Issue on Wireless Network Technologies and Applications.
**Special Issue on RFID Applications in the Internet of Things**
Special Issue on Artificial Intelligence and Knowledge Computing
Special Issue on Advances in Wireless Networks Technologies
Special Issue on High-Performance Information Technologies for Engineering Applications
